Proposed Rule

Dear Mr. Friedrichs:

The Northeast States for Coordinated Air Use Management (NESCAUM) are submitting comments on the U.S. Department of Energy's (DOE) notice regarding its proposed revisions to the general guidelines for voluntarily reporting greenhouse gas reductions as published on December 6th, 2003 in the Federal Register (68 FR 68204), and as made available on DOE's website at: <http://www.pi.energy.gov/enhancingGHGregistry/index.html> NESCAUM is a regional association of the eight states of Connecticut, Maine, Massachusetts, New Hampshire, New Jersey, New York, Rhode Island, and Vermont.

Attached are NESCAUM's comments specific to the language of the proposed guidelines.

If you or your staff have any questions, please contact Suzanne Watson through the NESCAUM office at 617-367-8540, Ext. 280.

Sincerely,

Kenneth A. Colburn
